The property stands out for its generous internal surface and a functional layout that ensures brightness in every room. A large entrance hallway welcomes guests and leads to the main areas of the house. The large windows provide an open panoramic view of the lake, creating a unique atmosphere.

The living room is enhanced by a beautiful red marble fireplace, while the separate kitchen has access to a covered balcony also offering panoramic views of the lake. There are two bathrooms with windows, three bedrooms (one with a balcony), and one study. Completing the property are a convenient garage and cellar.

Located near the center but away from city traffic, this apartment represents a perfect solution both as a spacious primary residence or as an exclusive second home thanks to its strategic position: easy access to lakeside beaches, train station within walking distance, and quick connections to the A4 Milan-Venice motorway.
