Place:	Desenzano del Garda	Energy class:	F
price:	€ 2.000	IPE:	175.54 kWh/m2anno

Descrizione: In the heart of Desenzano del Garda, we offer for rent a refined three-room apartment of about 100 sqm, located in a privileged position just steps away from the lake and main services. The property stands out for its spacious and bright environments, enhanced by modern furnishings and meticulous attention to detail.

The open-space living area features a contemporary kitchen with wood-effect cabinetry and integrated appliances, perfect for everyday life as well as hosting guests. The cozy living room includes a large corner sofa adorned with coordinated cushions and elegant curtains that provide privacy without sacrificing natural light. The dining area is equipped with a solid wood table accompanied by modern design chairs, ideal also as a social space or study area.

A wide white wall unit offers additional storage thanks to numerous closed cabinets and display cases: a practical yet aesthetically pleasing solution for organizing books, decorative items or multimedia accessories. The floors are covered in dark gray marble-effect porcelain stoneware which gives the environment an elegant style while being easy to maintain.

The apartment enjoys the tranquility typical of sought-after central residences while remaining convenient to all shops, restaurants, and public transport; the train station is only a few minutes' walk away as is the lakeside where you can relax on your days off.

This solution represents an ideal opportunity for those wishing to live in exclusivity within the historic center of Lake Garda while having modern comforts ready for use.
